WEBSITE PHOTOS

In addition to the animal photos we have chosen for our website, we would like to include animal photos submitted by our licensees. If you have an animal photo (no people) and would like it to be considered, please submit it along with a release statement. We do not guarantee all photos will be chosen.

26-4-1 PROPOSED RULE REVISIONS

The public comment period of this Rule revision was March 11–April 10, 2016. The Board received hundreds of comments. The Rule Making Committee met with the public Sunday, April 17, to discuss their concerns. The Board has 90 days from the close of comment period to submit a final revision of the proposed rule and it will be submitted to the Secretary of State and the Legislative Rule Making Committee (LRM). Once the LRM introduces this proposed Rule, it will be added to the 2017 legislation session.
CHANGES IN THE VETERINARY FEED DIRECTIVE (VFD) RULE

The Food and Drug Administration (FDA) amended its animal drug regulations regarding veterinary feed directive (VFD) drugs. This amendment is intended to improve the efficiency of the FDA’s VFD program while protecting human and animal health.

The VFD drug is intended for use in animal feeds, and such use of the VFD drug is permitted only under the professional supervision of a licensed veterinarian.

VETERINARY CONTINUING EDUCATION TRACKING (VCET)

The American Association of Veterinary State Boards (AAVSB) offers the VCET system to its membership. VCET is available for free to veterinary licensing boards and regulated veterinary professionals. It streamlines the process of tracking continuing education (CE).

Veterinarians and veterinary technicians can easily log their CE through a MyAAVSB portal and organize the information into a standardized report. When the licensing board asks for a record of CE, the user can either print the report to mail or email the Board directly from the VCET system.

Any veterinary professional can access VCET through the free MyAAVSB portal at aavsb.org/login. Those without an existing account will be prompted to complete a short application.
COMPLAINT/DISCIPLINARY PROCESS

After Receiving the Completed Complaint Form

- A letter is sent to the Complainant acknowledging that the matter will be reviewed.
- If the complaint is outside the jurisdiction of the Board, a letter is sent with suggestions as to how the complainant might best obtain a resolution.
- Send to the Respondent:
  - Certified letter requesting a response within 30 days of date of correspondence.
  - Copy of complaint and supporting documents

After Receiving Response From Respondent

- Mail Respondent’s response and supporting documents to Complainant.
- The disciplinary committee or investigator makes findings and recommendations to the board to find probable or no probable cause.

No Probable Cause Findings

- Send a No Probable Cause letter to Respondent, Complainant and attorney.

Probable Cause Findings

- The disciplinary committee and the board will discuss and vote for the appropriate disciplinary.
- Send a Statement of Charges and Consent Agreement and Order in lieu of a hearing to Respondent requesting response within 30 days of correspondence date.

Respondent Accepts Consent Agreement and Order

- The Consent Agreement and Order must be signed by the Respondent and the board chairman signs last. The effective date is the date of the chairman’s signature date.

Respondent Does Not Reply to Consent Agreement and Order or Request a Hearing

- Set up a hearing date with attorney general’s office and the administrative law judge.
- Send Notice of Hearing to the Respondent at least 30 days prior to the date of the hearing.
- The board will be represented by the attorney general’s office.

Administrative Law Judge Decision

- Within 45 days from receiving all required documents to decide the matter such as the administrative law judge’s decisions, the board will discuss whether to adopt, modify, or reject the judge’s recommended decision and vote for the appropriate disciplinary.
- Within 10 days after entry, send the Final Order to the Respondent, Complainant, and attorney via certified mail.

RECORD KEEPING DISCIPLINARY

For the past 3 years, 74% of probable cause disciplinary cases are from improper record keeping. From this percentage, it proves the importance of keeping good records due to the fact that the majority of our Consent Agreement and Orders require taking record keeping courses. Below is a breakdown of the past 3 years of disciplinary cases that involved improper record keeping. The Board is currently working on a Recording Keeping course that can be taken via our website. Once, it’s available, we will send out notification.

Because of the turnover rate for CAET’s, the WV Board of Veterinary Medicine would like to suggest that Board members of County Commissions become CAET’s. Not only would this provide a CAET for backup but it would also keep the Board members up to date with the current laws and procedures. Please be advised that this is only a suggestion from the Board and is not a requirement.
