BEFORE THE WEST VIRGINIA BOARD OF VETERINARY MEDICINE

WEST VIRGINIA BOARD OF
VETERINARY MEDICINE,
Complainant,
v. Case No. 0915B

GREGORY EATON, D.V.M.
Veterinarian License Number: 9303
Respondent.

CONSENT AGREEMENT AND ORDER

Upon receipt and review of a Complaint filed September 30, 2015, against Gregory Eaton (Respondent), the West Virginia Board of Veterinary Medicine found that probable cause existed for violations of the Board’s statutory and regulatory provisions of W. Va. Code § 30-10-1 et seq. and the Rules of the Board, 26 C.S.R. § 1 et seq., by the Respondent, including an immediate danger to the public pursuant to W. Va. Code R. § 26-2-6.1. As such, the Board immediately suspended the Respondent’s license to practice veterinary medicine effective November 24, 2015, and provided the Respondent with written notice of the allegations against him pursuant to the rules of the Board and the laws of this State.

Now, in lieu of hearing, the parties following an Informal Conference held pursuant to W. Va. Code R. § 26-2-5.13, have reached an agreement for the resolution of Case Number 0915B and the parties agree to entry of the following Order in disposition of this matter.
FINDINGS OF FACT

The Board adopts the following findings in this matter:

1. That Gregory Eaton is a licensee of the Board with license number 9303 and is subject to the license requirements of said Board.

2. The Board is a regulatory board created for the purpose of regulating the practice of veterinary medicine. W. Va. Code § 30-10-1 et seq.

3. In order to carry out its regulatory duties, the Board is empowered to suspend, revoke or otherwise discipline an individual’s veterinary medicine license because of authority granted to it by W. Va. Code §§ 30-10-5 and 30-10-19.

4. That on or about September 30, 2015, the Board received a written complaint from an individual complaining of the treatment that her cat received while in the care of the Respondent.

5. The written complaint alleged that her female cat, Josie, had been taken to Avalon Animal Hospital for a surgical procedure to declaw her.

6. Respondent performed the declawing procedure on September 23, 2015, and the Complainant picked up her cat the next day. She was informed by the Respondent that her cat did not need any pain medications when she inquired about pain medication for her cat.

7. Complainant stated that after picking up her cat she noticed that evening Josie licking her paws. The Complainant examined Josie’s paws and noted that one paw appeared in much better condition than the other paw. Moreover, on the left paw she noted that there were several claws left on the paw.
8. The Complainant took her cat to another veterinarian the next day that performed a physical examination confirming that several claws were intact in the left paw. The Complainant’s cat was subsequently treated by this veterinarian.

9. The Complainant called the Respondent who offered a full refund, and whose only explanation was the he must have been distracted during surgery. The Respondent further added that it was his first day practicing veterinary medicine after a lengthy absence.

10. Respondent did file a timely response to these allegations, and states as he told the Complainant that it was his first day back after nine month absence, and he must have been distracted during surgery. He further states that he was working with a new technician. As to the pain medication, the Respondent states that Avalon’s Animal Hospital policy was not to dispense such pain medication. The Respondent apologized for his error and not catching the error prior to the cat’s release the next day.

11. That upon recommendation of the Complaint Committee, after reviewing the complaint and accompanying documents, the Board, by majority vote, at its November 19, 2015, Board meeting held via teleconference, determined there was sufficient evidence to warrant further proceedings and that further action should be taken against the licensee, Gregory Eaton. Moreover, the Board determined that pursuant to W. Va. Code R. § 26-2-6.1, that the Respondent’s actions constituted an immediate danger to the public and ordered that his license be suspended immediately.

CONCLUSIONS OF LAW

1. That the Board has jurisdiction to take disciplinary action against Respondent.

2. That based upon the allegations of unprofessional or unethical conduct set out above in the *Findings of Fact* section, the Board is authorized to suspend, revoke or otherwise restrict the license of the Respondent to practice veterinary medicine, pursuant to W. Va. Code § 30-10-19.

3. That the Board has defined unprofessional conduct by adopting the standards of practice at 26 C.S.R. § 4-1 *et seq.* and violations of these standards of practice may be grounds for disciplinary action by the Board pursuant to W. Va. Code § 30-10-19(g)(3).

4. That the Board served a *Complaint* upon the Respondent pursuant to the laws and regulations of West Virginia.
